

TRIGOpor

sterile, elastic wound dressing with silver containing compress

TRIGOpor is a sterile, elastic wound dressing with an anti-microbial absorbent pad which does not adhere to the wound. The substrate is breathable, and coated with hypoallergenic hot melt. An ideal fit is ensured even on difficult articulated areas due to its high elasticity. Easy and crease-free application.

Indications:

- post operative wound care, dry to minimal drainage wounds
- sterile treatment of wounds

Contraindications:

- Patients with known hypersensitivity to any of the components of the product.
- Experience is limited with newly born, infants and during pregnancy.

Order information:

Size	Item-N°	Compress	DU
5 x 7,2cm	21001	2,5 x 3,5cm	100 pcs.
10 x 8cm	21002	4,5 x 4,5cm	50 pcs.
10 x 10cm	21003	4,5 x 5,0cm	50 pcs.
10 x 15cm	21004	4,5 x 10cm	50 pcs.

Composition of goods:

substrate: spun laced nonwoven polyester
 adhesive: hypoallergenic hot melt
 compress: rayon, polyester, polyolefin
 low adherent polyester net

The antimicrobial silver in form of silver sodium zirconium phosphate, is located within the nonwoven compress.
